

Connecting Through Innovation!

UNIVERSAL SOLAR PANEL ROD MOUNTING SYSTEM

Mount 5 Watt, 10 Watt, 20 Watt and 40 Watt Solar Panels with ease with the New & Innovative KT Universal Solar Panel Rod Mounting System. The base of the rod is designed to fit a fishing rod holder for secure mounting and features a locking swivel knuckle, allowing the user to adjust the solar panel angle to achieve maximum solar exposure. Ideal for temporary applications including camping, boating, 4WD applications, and ideal for permanent solar applications such as charging electric fences or gates, garden lighting and security camera battery charging.

The system also features a 12V, 5Amp PWM Solar Charge Controller.

12V, 5 Amp PWM Solar Charge Controller Included

Model no. KT70753

- Ideal for solar panels 17mm deep
- Ideal for marine applications, including charging of batteries in boats & jet-ski's
- Rural applications on properties with electric fences
- Security camera battery charging when 240AC power is unavailable
- 12V garden & outdoor lighting
- Portable solution to charging isolated batteries anywhere
- 2 x fully adjustable, sliding locking clamps that will accommodate a 5, 10, 20 or 40Watt solar panel
- 5mm Allen key included to easily secure panel to mounting system
- The locking swivel knuckle allows the user to adjust the solar panel angle to achieve maximum sun exposure.
- Fishing rod male gimbal butt which locks into most universal female rod holders.
- 12V, 5 Amp PWM solar charge controller included.

Connecting Through Innovation!

UNIVERSAL SOLAR PANEL ROD MOUNTING SYSTEM

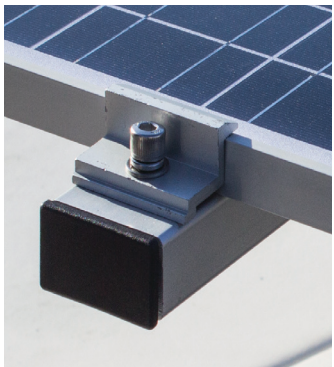

FULLY ADJUSTABLE, SLIDING LOCKING CLAMPS:

2 x Fully adjustable, sliding locking clamps that will accommodate a 5, 10, 20 or 40 Watt Solar Panel. Ideal for Solar Panels 17mm deep. 5mm Allen Key Included to easily secure panel to mounting system.

FULLY ADJUST THE ANGLE OF YOUR SOLAR PANEL:

Locking Swivel Knuckle allows the user to adjust panel to achieve maximum sun exposure. The fishing rod male gimbal butt locks into most universal female rod holders.

SOLAR CONTROLLER:

The 5 Amp, 12V PWM solar controller included to regulate the solar charge of your selected panel. IP67 Rated - waterproof.

IDEAL SIZE & WEIGHT

The Gross Weight of the System excluding a solar panel is: 1.3 Kg.

Including the weight of your Solar Panel:

5 Watt Solar Panel Weight: 0.78Kg + 1.3Kg Mounting System = 2.08Kg

10 Watt Solar Panel Weight: 1.0Kg + 1.3Kg Mounting System = 2.3Kg

20 Watt Solar Panel Weight: 1.7Kg + 1.3Kg Mounting System = 3Kg

Charge your boat & jet ski batteries with ease. Also ideal for mounting & charging batteries on kayaks.

Fits easily into rod holders fitted to bull bars on 4WD's

Ideal for rural properties with electric gates & security camera battery charging

Ideal for garden lighting and outdoor applications

PACKAGED IN FULL COLOUR BOX

The KT Universal Solar Panel Rod Mounting System is packaged in a full colour durable box for presentation in retail stores.

WARRANTY

Offers a 12 month warranty on manufacture and build.

INCLUDES 5MM ALLEN KEY

To tighten and secure the Solar Panel Clamps, a 5mm Allen Key is included.
